PROFESSIONAL EXPERIENCE

Shadowfax Technologies Limited

Associate Lead

Gurgaon

Feb 2026 – Present

- Manage analytical and operational activities across multiple logistics and supply chain processes, ensuring smooth execution and timely resolution of operational challenges across Pan-India operations.
- Own Pan-India operational dashboards and pendency analysis by tracking daily performance metrics, identifying gaps, and preparing detailed MIS reports for senior management decision-making.
- Coordinate with cross-functional teams, warehouse operations, and field executives to streamline workflows, improve reporting accuracy, and reduce operational pendencies through data-driven analysis.
- Monitor operational KPIs, analyze recurring process issues, and implement process improvement strategies to enhance productivity, reporting efficiency, and overall performance – directly applicable to OTIF and vendor performance tracking.

Concentrix Technologies India PVT LTD

Technical Support

Gurgaon

Oct 2024 – Feb 2026

- Delivered technical and operational support, specializing in troubleshooting, diagnostics, and identifying recurring issues to improve process efficiency.
- Engaged in direct 1:1 communication with American clients to understand requirements, analyze problems, and deliver timely, data-backed solutions – building strong stakeholder communication skills.
- Proposed and documented standard resolution methods, contributing to workflow automation, knowledge base development, and improved service delivery.
- Collaborated with cross-functional teams to optimize reporting structures while maintaining a 95%+ CSAT score and resolving 40-50 support tickets daily.

PROJECTS

Personal Portfolio Website [\[Link\]](#)

HTML, CSS, JavaScript

- Designed and implemented responsive UI components using JavaScript, ensuring consistent performance and usability across devices.
- Applied progressive enhancement and cross-browser compatibility principles to improve application performance and user experience.
- Collaborated with UI/UX design concepts to build a clean, intuitive interface for showcasing skills and project work.
